Branches in:
Holland — Germany — France
Austria — England — Italy

L. STASSEN JUNIOR, Hillegom Holland, in conjunction with Stassen Floral Gardens of Roslyn Heights, N. Y., are introducing for the first time an unusual innovation in this Spring Catalog.

In addition to the finest selection of first quality Summer Flowering bulbs and plants, Stassen is giving the folks here at home the same opportunities to possess rare items as are purchased personally by the Americans traveling many thousands of miles to the capitals of Europe.

Great care has been given to list only the most popular and practical gifts and usual possessions selected by Americans while abroad. True some may be found in our more exclusive shops, but they are not in general distribution. Few have ever been offered at the savings enjoyed through purchase by mail from a long established organization such as STASSEN. For example, the Petit-Point bags and accessories are only of the finest hand made needle work from Vienna. Such a purchase is a life long possession of timeless style. The cutlery and silver-plate as well as the paintings and miniatures are selected from sought after favorites, from Holland, distinguished by their quality and value. Music boxes from Austria, rich leather jewel cases and boxes from Germany, exclusive wall-clocks and novelties are also highly favored by Americans returning home.

All are sold, many with independent guarantees, on the basis that if you are not entirely satisfied, in 10 days, your money will be cheerfully refunded (as old customers know, this has been our established policy for 75 years).

DELIVERY. Our prices include all transportation-charges and arrival of the merchandise in good condition at your address.

CULTIVATION. Easy-to-follow planting-instructions enclosed with every shipment.

GUARANTEE. All bulbs and plants are guaranteed to be true to name and color and sure to bloom. Our liability however is limited to the purchase-price of the merchandise.

Fancy-Leaved **CALADIUMS**

Magnificent tropical plants with luxuriously colored foliage beautiful all the time! From the moment the bulbs start growing until stopped by frost they remain fresh and showy. Caladiums grow anywhere — in shade, semi-shade or even in sun! Plant a complete border, or plant between shrubs and other plants to have a colorful garden all summer and fall. Caladiums require no special soil or fertilizers — are free from insects or diseases and don't require any spraying. Plant also some in pots for porches, terraces and window-boxes. Being tropical plants, start growing Caladiums in warm temperature and only when the soil has warmed up. We will ship Caladium bulbs in April to the Southern states and not before May to the Northern states, unless they are to be used for indoor planting. See colored illustration on wrapper.

**Petit-Point
is the Queen
of the
Needleworks**

This needlework was practiced in the "Old World" by the Ladies of old Austrian nobility and it was the only needlework that harmonized with their standing. Since the time that most aristocrats lost their properties, and most of them became poor—this skill, formerly a pastime, is now practiced in order to earn one's bread. There are two kinds of Petit-Point one made of 800 stitches per square inch, and the better work of 1500 stitches per square inch. You can hardly imagine that a hand-bag for instance often demands three months with 8 working-hours a day before it is ready—600 working-hours of highest concentration with

over-tired eyes. Ever since its introduction in the royal palaces years ago, PETIT-POINT has been recognized as a cultural needlework that never has been out-of-date and never will.

The Petit-Point products you find on these two pages are real and original handworks from Vienna. All the frames of the hand-bags are gilt or silver-plated, whereas the decoration of the frames are of hand-made carving work and engraving. The motifs of the hand-bags are from original paintings of famous Austrian painters. The motifs of the spectacle-cases are also designed by painters.

TREE PEONIES

**SNOW-WHITE
CHINA RED
BLUSH PINK
ORIENTAL PURPLE**

10 for \$ 25.50

3 for \$ 8.50

Each \$ 3.00

in fine colors. Grow 5—6 ft. Flowering June

Giant Tree Peonies differ from the ordinary Peonies in their sturdy, woody trunks and gigantic flowers. They develop into a dense, bushy tree, ultimately attaining a height of 5—6 feet; loaded with a profusion of huge blooms. Tree Peonies are now very rare and seldom seen in gardens, since the fine collections that existed a century ago have been destroyed and scattered. But there is no finer species than the Tree Peony, which surpasses the most beautiful herbaceous variety in size of flower and luxurious color. Once they were worshipped by Chinese gardeners, and their cultivation was limited to the wealthy and princely members of the Empire. It is the Tree Peony that was symbolic of the famous Chinese pottery during the Handynasty. Introduced in Europe about 1787 it soon became popular in England, France and Holland, but later these fine collections practically disappeared. Stassen is proud to make available again these historic Tree Peonies.

Coll. 4 Tree Peonies in the
5 4 colors, mentioned
aside, sep. packed \$ **10.75**

FACTS about TREE PEONIES

- **Where to plant Tree Peonies?**
They make a fine show in the border and in front of shrubberies.
- **What kind of soil do they like?**
Any good gardensoil, which is not too poor or too dry, but porous, rich in humus and well dug.
- **Are Tree Peonies hardy?**
Yes, they may stand a severe frost, but in spring protect the young shoots from dry winds.
- **How to cultivate them?**
They must remain undisturbed in the same place to establish into sturdy and free-flowering plants; in spring a topdressing of some liquid manure is recommended.
- **How to plant?**
Space the plants at least 3-4 ft. Dig holes sufficiently large for the roots and plant the oculation (thick part of the stem below) at least 2 inches below the surface of the soil.

Ranunculi

RANUNCULUS

Superfine Mixture

They require a sunny location. Our mixture contains all possible shades.

100 for \$ 4.00, 25 for \$ 1.15, 10 for \$ 0.50

ISMENE

Peruvian Daffodil

A wonderful summer-flowering bulb producing showy, sweet-scented, pearly white trumpet flowers, similar to the Amaryllis. Plant in a sunny location after the ground has warmed up. A truly worthwhile bulb too to grow in pots for indoors.

10 for \$ 4.50, 3 for \$ 1.50, each \$ 0.55

Fragrant Double TUBEROSES

This is a fine exotic flower, that has a most delicious fragrance. Its cultivation is quite easy. In the garden they may be planted only when the ground has warmed up; they require a sunny and sheltered position. Grow 2½—3 ft. tall. Use a fertile and rich soil, preferably mixed with old decayed manure. Plant the bulbs 2 inches deep and 6 inches apart. They grow equally well in pots.

3 for \$ 0.30, 10 for \$ 0.90, 25 for \$ 2.10

Unusual ISMENE HARRISIANA

12 inches high. A fine Mexican bulbous plant with handsome tubulous pure white flowers, segments long and slender and a nicely shaped trumpet. Easy indoor plant. Blooms in June.

3 for \$ 3.00, 10 for \$ 9.00, each \$ 1.10

Ismene

Tropical **CALLA LILIES**

(ZANTEDESCHIA)

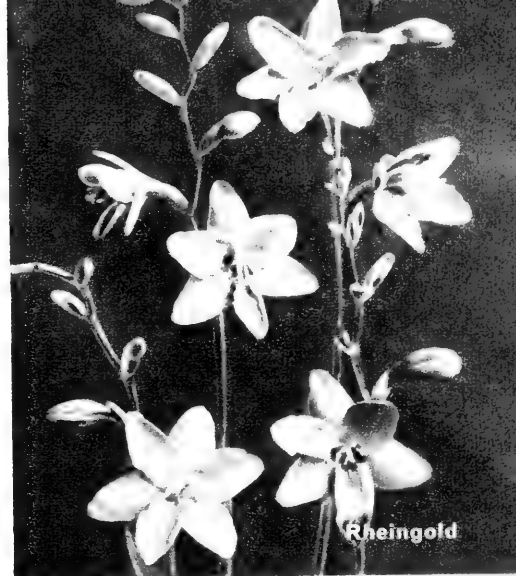

These tropical Lilies produce an abundance of dark green foliage, giving the plant an ornamental appearance at all times. Plant after danger of frost has passed. Delight in a sunny location. Bloom in late summer. The delightful flowers are excellent for cutting. Grow some in pots for indoor decoration.

Royal Dutch **AMARYLLIS** →

Guaranteed to flower

The outstanding named varieties of Amaryllis listed below have been procured by scale-propagation of highly selected specimens—specimens of superior qualities in pureness of color and elegance of form. You can be sure of getting perfect flowers in every respect from the varieties that have been developed in years of skillful cultivation.

Each \$	Each \$	Each \$
ALBINO , purest snow-white, noble flowers . . . 5.00	CLEOPATRA , pure salmon, a rare and attractive blood color . . . 4.00	QUEEN SUPERIORA , very deep red, of impressive beauty . . . 4.00
ALCYONE , deep violet red, very fine and rare color 4.00	JULIA , dazzling scarlet, very early flowering . . . 3.75	TRISTAN , deepest red, a most outstanding color . . . 4.00

Collection 13 6 Dutch Amaryllis in the above 6 varieties 6 for \$ **22.25**

Royal Dutch **AMARYLLIS** in choice colors

An offer of inexpensive, but notwithstanding very fine Dutch Amaryllis. All have been grown from selected stocks, flowering with perfectly formed flowers, often 3—4 blooms to a stem.

JACOBEEAN LILY

SPREKELIA FORMOSISSIMA

Brilliant red flowers of butterfly shape and formation, attractive in the garden and excellent for pots. Easily grown. 3 for \$ 2.00, each \$ 0.75

THE EXPLOSIVE ATOMBOMB FLOWER

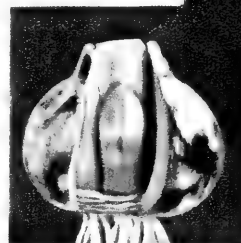

HAEMANTHUS MULTIFLORUS

The most spectacular flower that is produced by any bulbous plant. First comes the beautiful fire-red flower and this is followed by very decorative palm-leaf foliage. Dig up before the frost and use every year. Also beautiful indoor pot-plant, blooms indoors in April.

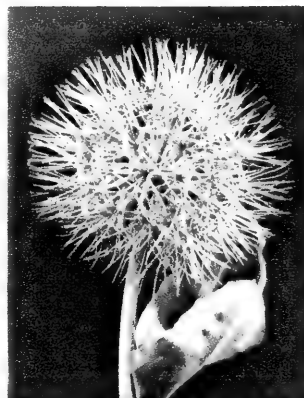

Each \$ 2.25

Sprekelia

Bud of Amaryllis

Haemanthus

GLORIOSA Rothschildiana THE CLIMBING LILY

A tropical climber with fantastic flowers, scarlet red edged yellow. Plant outdoors in late spring, when ground is warm, 18 inches apart. 4 ft. tall. Tendrils on leaves attach themselves to trellis or fence for support. Long-lasting flowers, fine for floral arrangements, also for indoors and conservatories. 3 for \$ 3.00, each \$ 1.10, 10 for \$ 9.00

Gloriosa

Large-flowered **GLADIOLUS**

Gladiolus are undoubtedly the most outstanding of all summer-flowering bulbs. Their long spikes of gorgeous blooms supply valuable and long-lasting cutflowers. Gladiolus are among the easiest of bulbs to grow! Plant bulbs at weekly intervals from early spring until July for a succession of blooms all summer long. The following varieties are outstanding in size of flower, color and also in well-formed flower spike.

FACTS about GLADIOLUS

- Are Gladioli difficult to grow? No, they grow very easy; once planted the bulbs take care of themselves and produce flowers in 80—90 days.
- Where and how to plant Gladioli? Anywhere in the border, in groups or rows. To have cutflowers, all summer long, plant weekly from early spring until July. Plant bulbs 3 inches deep and 6 inches apart.
- Are Gladioli hardy? No, when the plants have died down dig bulbs and store in a dry and frostfree place until next spring planting.
- Are fertilizers necessary? They are not absolutely necessary, but some chemical fertilizer may be useful to have more robust growth.
- How to have the finest cutflowers? Cut gladiolus spikes when the buds show color, preferably in the morning or evening and place them deeply in water. Remove the faded florets and the spike will remain fresh until the last bud.

HAWAII , dull brown red with a blood red blotch in the centre . . .	50 for \$ 2.55	10 for \$ 0.65
JOHANN STRAUSS , bright vermilion-scarlet, a very early flowering variety, nice cutflower . . .	2.40	0.60

6 PRIZE-WINNING HYBRID TEA ROSES

AMERICA'S FAVORITE FLOWER
GIANT EXHIBITION TYPE

The following new varieties are so outstanding that they will be the envy of your neighbors. Each one is topnotch for color, fragrance, size and beauty.

- | | | |
|--|---------|---------|
| 1 NEW YORKER. Buds are of perfect form and open slowly to huge fragrant flowers often measuring 6½ in. across. New Yorker's sparkling color does not fade but stays a deep red until the last petals wither. Produces a continuous succession of blooms from June until frost. (Pl. Pat. # 823) | per 3 | each |
| 2 PEACE. Golden yellow blooms changing to pale gold. The petals are edged with apple-blossom pink, which roll gracefully outward to form a very double, cupped flower with a high centered golden heart. Flowers are unusually large and are borne on heavy, long stems. (Pl. Pat. # 591) | \$ 6.00 | \$ 2.25 |
| 3 DETROITER. The elongated buds open slowly to a magnificent bright red. High-centered blooms that reach 5½ in. across and have 20 to 25 firm petals on each bloom. The tall bushy plant has an abundance of attractive dark green foliage. It reaches a height of about 3½ ft. (Pl. Pat. # 1219) | 6.60 | 2.50 |
| 4 GOLDEN MASTERPIECE. The largest yellow hybrid tea rose in existence! As the flower matures, an occasional blush of red appears on the edges of the slender buds. The blooms often reach 6½—7½ in. across. (Pl. Pat. # 1284) | 5.25 | 2.00 |
| 5 WHITE SWAN. The 3—4 ft. bush is vigorous and requires little care. It will stand up under adverse conditions and bloom freely, all season long, year after year. Produces many elegant flowers with stems 2 ft. long. (Pl. Pat. # 1115) | 7.20 | 2.75 |
| 6 K. T. MARSHALL. Grows vigorously with large, open blooms of warm glowing pink. Has long fine stems, is delightfully fragrant and ideal for cutting. Height 3—4 ft. (Pl. Pat. # 607) | 6.00 | 2.25 |
| | 4.65 | 1.75 |

*Original and hand-painted
Oil-paintings
in elegant frames*

The oil-paintings we offer you on this page are *not* reproductions, but each original was made by the painter himself. The painters, de Winter, Koster, Rober and Jan Knikker are modern Dutch masters, enjoying good critiques already. The expression of their creations is very emphatic and realistic.

No. 230. "Venice" by de Winter, showing a scene from picturesque Venice. We notice a sunny atmosphere, which puts us in a piquant romanticism. Measurements of the picture: $19\frac{3}{4} \times 27\frac{1}{2}$ ". Measurements of the frame: $25\frac{1}{2} \times 33\frac{1}{2}$ ", incl. frame . . . \$ 47.50

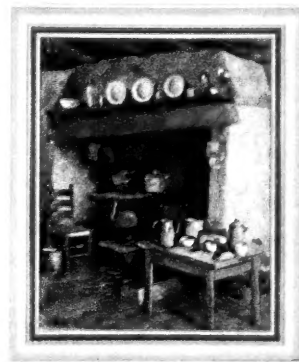

No. 231. "Sunset" by Rober. A lovely summer-idyl in the evening, especially for those who love nature. Measurements of the picture: $19\frac{3}{4} \times 27\frac{1}{2}$ ". Measurements of the frame: $25\frac{1}{2} \times 33\frac{1}{2}$ ", incl. frame . . . \$ 47.50

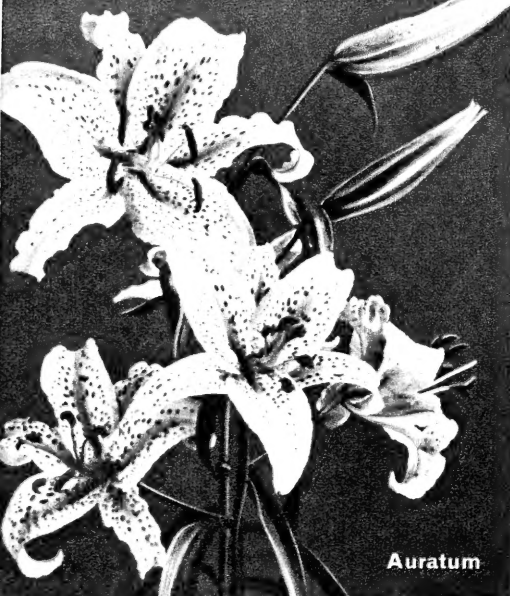

No. 232. "View of part of an old Dutch town Zierikzee" by Jan Knikker. An incomparable fine motif of this old town, which up to now did not lose its medieval character. A wonderful view! Measurements of the picture: $19\frac{3}{4} \times 27\frac{1}{2}$ ". Measurements of the frame: $25\frac{1}{2} \times 33\frac{1}{2}$ ", incl. frame \$ 65.00

No. 233. "Flowers" by de Winter. In this picture we enjoy the lovely bouquet of Zinnias with its natural and gay colors. Everyone who likes flowers will adore it. Measurements of picture: $15\frac{3}{4} \times 23\frac{1}{2}$ ", measurements of the frame: $19\frac{3}{4} \times 27\frac{1}{2}$ ", incl. frame . . . \$ 35.00

No. 234. "Old Dutch Farmer's Interior" by de Koster. Measurements of picture: $15\frac{3}{4} \times 19\frac{3}{4}$ ". Measurements of frame: $19\frac{3}{4} \times 23\frac{1}{2}$ ", incl. frame . . . \$ 30.00

FACTS about LILIES

- **Where to plant lilies?**
Lilies love to have their heads in the sun, but their feet shaded by dwarf shrubs or perennials. They are fine for the border or in front of shrubbery.
- **What kind of soil?**
Lilies require a soil rich in humus, porous with old decayed manure.
- **How deep should we plant lilies?**
Most lilies produce stem-roots, therefore plant them 5—6 inches deep.
- **Should they remain in the soil?**
Yes, if left undisturbed for years, they increase in vigor, producing more flowers year after year.
- **How to grow lilies in pots?**
Use rather deep pots to promote the development of stem-roots. Use a rich, but porous soil-mixture. Place the pots in a trench outdoors and when the shoots are 6 inches long place pots in a cool room and water regularly. Give them plenty of fresh air.

Noovetty Lily

FIRE KING

A new variety of amazing beauty. It has been developed by the foremost British Lily hybridizer Mr. Stooke. Its sturdy stems of 3 feet are densely packed with shining green leaves, bear a cluster of at least 16 noble flowers of intense orange red. The best Lily for cutting ever produced, surpassing all the previous varieties, used for that purpose. Now available at a very reasonable price.

3 for \$ 2.95. Each \$ 1.10

Majestic LILIES

Their stately appearance makes any garden more attractive, fills the air with their delightful fragrance and moreover they supply precious cutflowers. Lilies love sun, but prefer their feet in the shade, so provide a location where the base of the plant will be somewhat shaded. Don't disturb Lilies once established, they increase in beauty year after year.

AURATUM , Goldband Lily of Japan. The most famous Lily in cultivation. Imported 90 years ago from Japan it has made a glorious career as the finest of all Lilies. Its colossal flowers of a pure white are striped golden yellow in the centre and spotted chocolate brown, highly fragrant 4 ft. July—August	10 for	3 for
HENRYI , tall growing with gracefully reflexed salmon orange flowers in large clusters. Grows also in semi-shade and in all types of soil. 5 ft. August—September	4.05	1.35
LONGIFLORUM , the wellknown and most beloved Lily for church decoration. Pure white, slender trumpet flowers of noble beauty. 3—4 ft. July—August	5.10	1.70
ORANGE TRIUMPH , chalice-shaped flowers of a rich orange, spotted brown. Fine for large groups in the border. 3 ft. July	3.75	1.25
REGALE , the famous Royal Lily. Perhaps the easiest Lily to grow. Does in any garden soil and any location. Slender trumpet flowers, white, with golden centre and suffused chocolate brown on the outside. 3 ft. June—July . . .	3.30	1.10
SPECIOSUM RUBRUM , flowers with gracefully reflexed petals, soft carmine pink with red spots. Easy to grow in pots and fine for a somewhat sheltered spot in the garden. 3 ft. July—August	4.95	1.65
TIGRINUM , the wellknown Tiger Lily, of easiest cultivation. Deep orange-red with dark brown spots, strongly reflexed petals. Fine cutflower. 3 ft. July—August	3.30	1.10

3 Spectacular CLIMBING ROSES

Climbing Roses dress your garden with exciting color for years. They are easy to grow and rich in rewards. Planted along a stone wall, trained along a rail fence, beside a porch or garage, they create a stunning effect.

BLAZE. Most popular of all Ever-blooming Climbers. Vivid scarlet flowers. Has 2 to 3-in. cupped flowers.
Each \$2.00 3 for \$5.25

CLIMBING GOLDLOCKS. Will grow 6 to 10 ft. in one year and will bloom the first year it is planted. Has rich, golden buds which open to 3 1/2-in. Its ability to bloom all summer keeps replenishing the golden yellow mass effect. Each \$2.50 3 for \$6.50

Coll. 39 All 3 climbers save \$1.00 . . . ONLY \$ **6.25**

FIRETHORN (*Pyracantha*)

An unusual and remarkable fruiting evergreen shrub. Bears attractive trusses of white flowers in late spring, which is followed by brilliant orange-scarlet berries which remain late into the winter. Prefers a sandy soil and warm location. Per 3 \$6.25. . . . Each \$2.25

Topnotch FLORIBUNDA ROSES

The new roses of this era

Always in bloom

These modern roses surpass all previously known varieties for size of flowers, profuse blooming, longlasting qualities, brilliance of color and vigorous growth. You've read of them in Garden Magazines — they are nationally advertised — NOW HAVE THEM YOURSELF!

SPARTAN. The New Wonder Floribunda Rose! The gorgeous burnt-orange buds display stunning beauty as they begin to appear. Slowly the buds open, to huge Hybrid-Tea-shaped flowers with 35 to 40 petals—of a warm orange-red color, softening to reddish coral—with a sweet fragrance. (Pl. Pat. #1357) \$ 7.20 \$ 2.75

FASHION. Has won 9 World-wide Awards! The Oriental red buds open gradually to 3 1/2 inch blooms, giving an entirely new Rose color, best described as coral-pink, suffused with golden salmon. (Pl. Pat. #789) 5.25 2.00

GOLDEN FLEECE. Gay-colored buds of a lively gold color, slowly opening to a light shade of rich, warm gold, then flaring into a bright, dazzling canary color! Unusually large flowers for a Floribunda—actually 4 to 4 1/2 in. across—growing in clusters with as many as 20 individual blooms! (Pl. Pat. applied for) 6.60 2.50

GLACIER. Pure white flowers cover the plant from June until frost. The open flower is large for a Floribunda and is unusually long lasting, vigorous and easy to grow. (Pl. Pat. #1025) 5.25 2.00

RED PINOCCHIO. The 3 1/2-in. Hybrid-Tea-shaped blooms are velvety red, carried in long-lasting unfading clusters. Long sprays, splendid for corsages and bouquets. Grows about 2 1/2 feet tall. (Pl. Pat. #812) 4.65 1.75
